

Being surrounded by those you **trust** matters in the workplace.

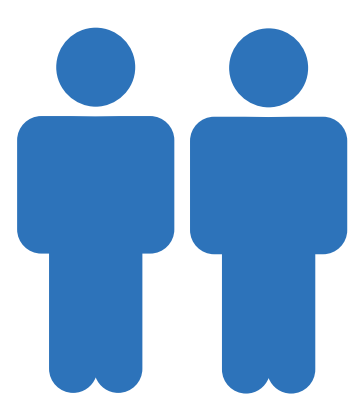

The Study

The ADPRI Research Institute (ADPRI) conducted a 25-country global study to explore the relationships between engagement and trust.

The Results

Trusting co-workers, team leaders, and senior leaders exponentially increases the likelihood to be fully engaged.

Three levels of trust.

1

I can trust my **teammates** to do what they say they are going to do.

2

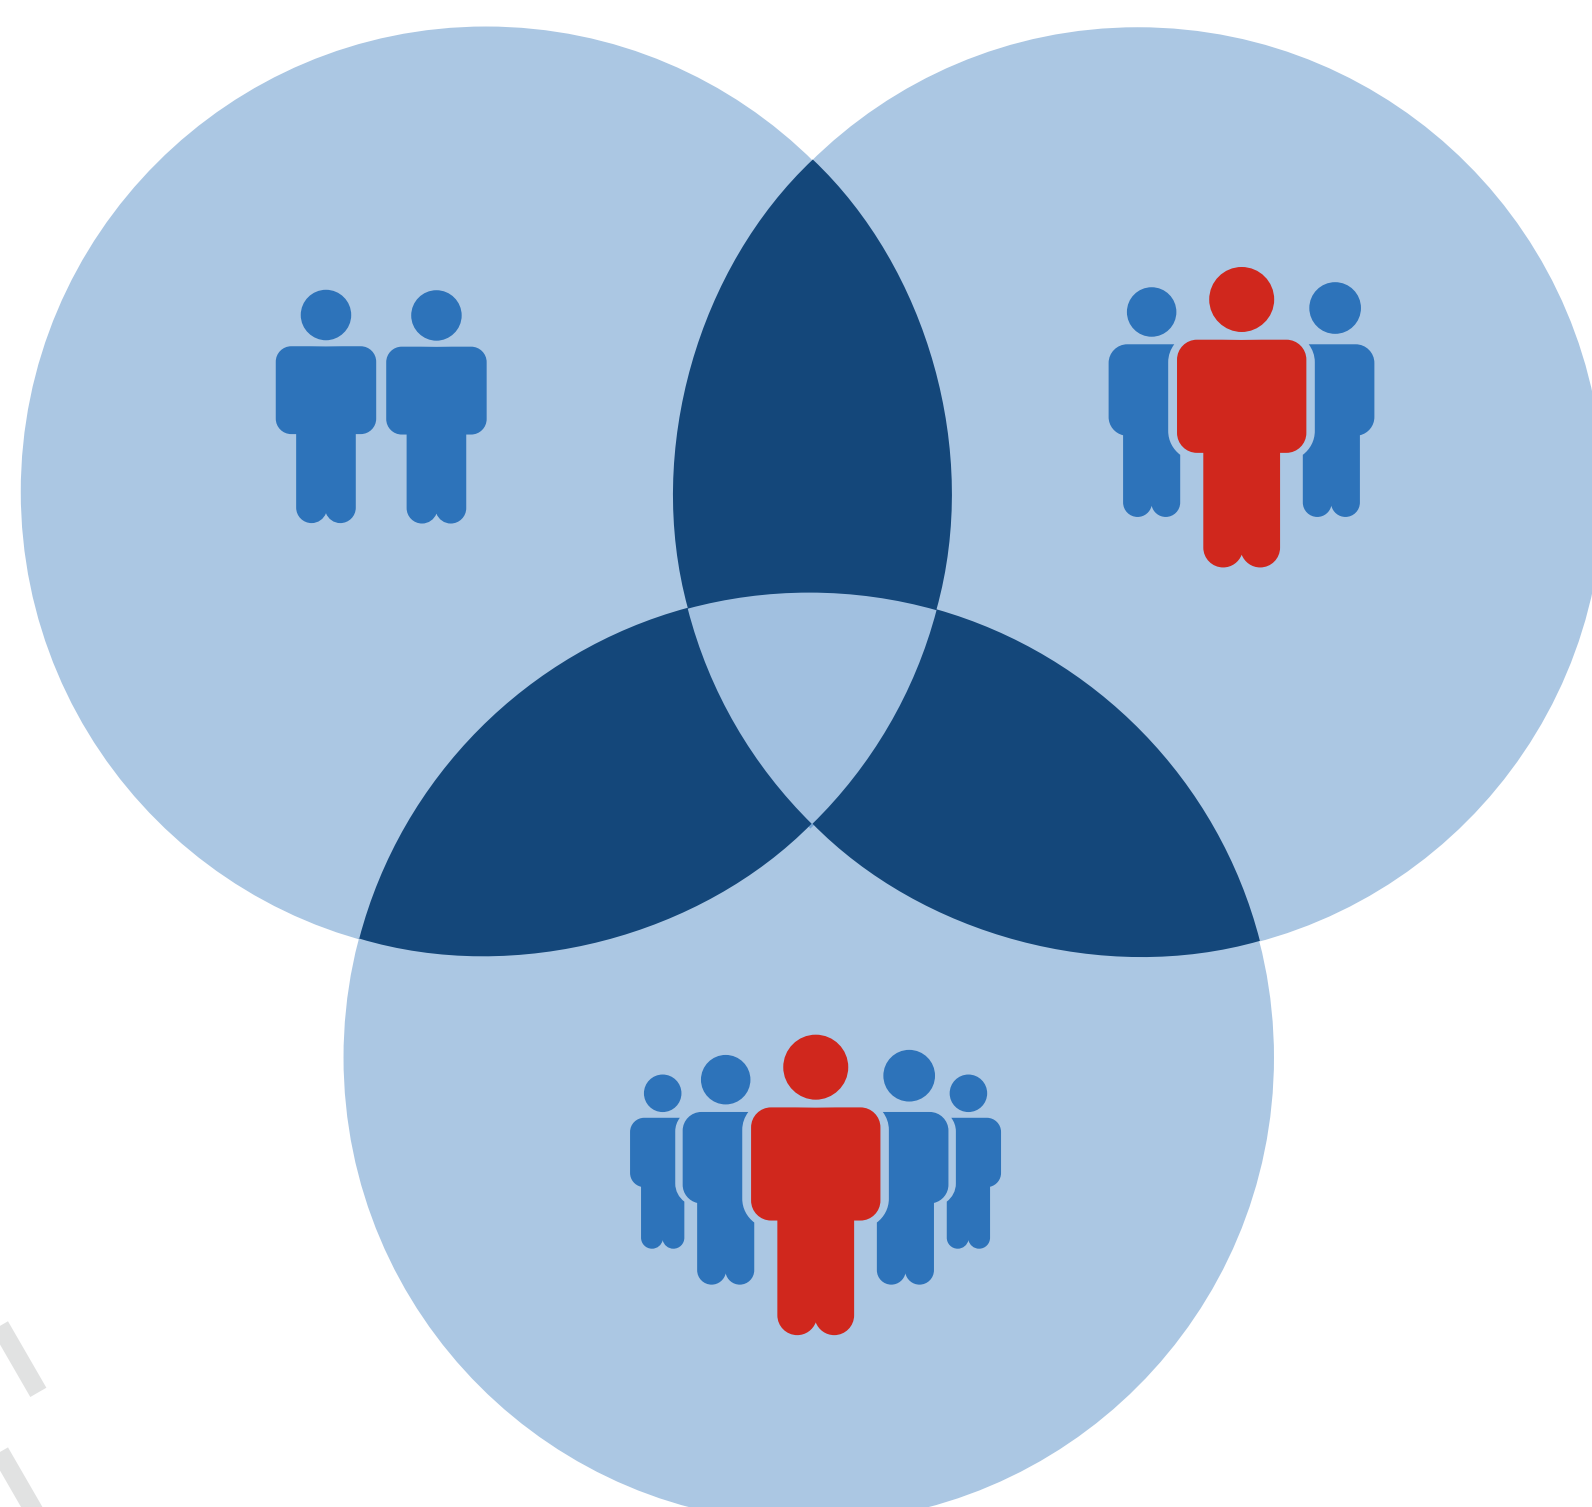

I trust my **team leader**.

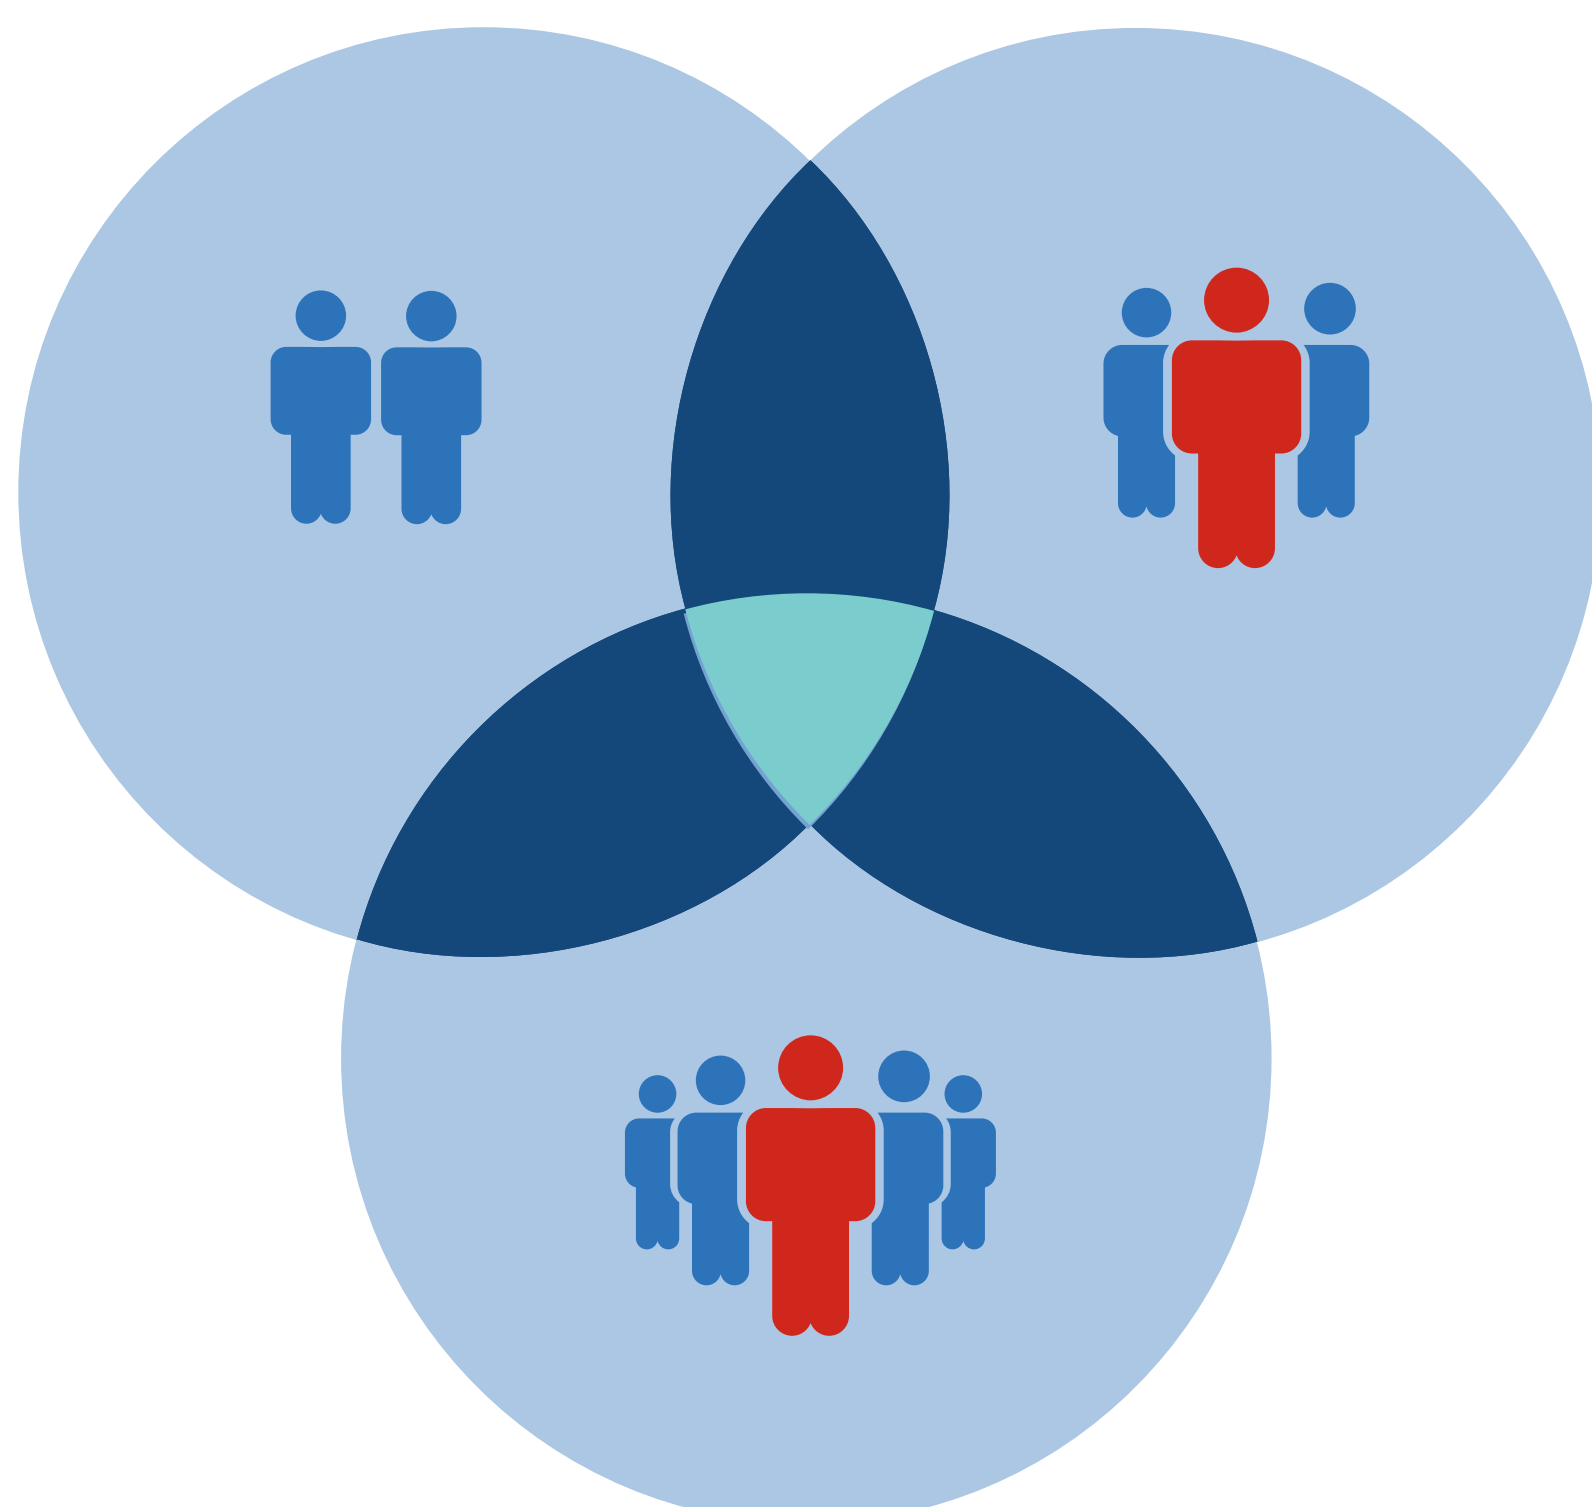

3

I completely trust my company's **senior leaders**.

Those who strongly agree with 2 of these statements are **3x** more likely to be Fully Engaged.

Those who strongly agree with all 3 are **15x** more likely to be Fully Engaged.
